

TurboTax Federal Personal 1040 Version 1.0 (Macintosh)

for 1990 tax preparation and 1991 tax planning

Product Description

TurboTax, the most powerful income tax software for the IBM personal computer, is now available for the Macintosh. TurboTax allows you to use your Macintosh computer to prepare your personal income tax return, forecast and plan for next year's taxes, and keep tax records updated year-round.

TurboTax contains a wide variety of federal income tax forms, schedules, and worksheets (over 60 total) specifically designed to expedite the preparation of your tax return. Tax forms can be printed on your personal printer in formats that are approved for filing with the IRS.....or can be printed in a quick draft mode.
